

The Mountain View Regional Waste Management Commission is responsible for managing solid waste within Mountain View County. We operate the Water Valley, Sundre and Didsbury Waste Transfer Stations.

Please take a few minutes to read our guidelines for waste disposal to make your use of our facilities as easy and efficient as possible.

Your visit to our sites can be made easier by organizing the materials in your load (e.g. separating metals, recyclables and household hazardous wastes from your regular garbage) before you arrive at our site.

Always check in with the site attendant as you arrive at the Transfer Station and dump only as directed by our staff.

Acceptance of Burn Barrel Ashes

Burning is not permitted at any of the Transfer Stations.

Burn barrel ashes are accepted for disposal at our transfer stations *only* if they are contained in sealed garbage bags or boxes. Any ash that is not bagged will be refused, regardless of how long it has been cool. We do *not* provide bags at our transfer stations.

Scrap Metal

All of our transfer stations have a separate area for recycling of scrap metal. Any items that are predominantly metal will be directed to the metal area at the discretion of the scale attendant. Regular per kilogram tipping fees apply to scrap metal.

Mattresses/Box Springs

Mattresses and Box Springs take up significant space in our Landfill. The cost is \$10 per item in order to cover the cost of the bins for collection, the transportation to the Landfill and then they are broke down and shredded with a special grinder before being disposed.

Waste Oil

Waste oil, oil filters and empty oil containers are accepted at our transfer stations at no charge if deposited in the designated areas. Customers must drain their containers into the bulk oil storage. Waste oil, filters and plastic oil containers are recycled as part of the Alberta Recycling Used Oil program. **No commercial users.**

Tires

Old tires that have been **removed from rims** are accepted at our transfer stations at no charge.

Freon Containing Appliances

Refrigerators, freezers, air conditioners and water coolers are subject to a freon removal surcharge per item. There is a designated area at each transfer station for disposal of Freon containing appliances.

Drywall / Shingles / Cement / Wire

These products are **ONLY** accepted for recycling at the Didsbury Landfill.

Electronics

Almost any type electronics are accepted at our transfer stations at no charge.

Household Hazardous Waste

We have special areas at all of our transfer stations to accept household chemical products. Our facilities are for **household** hazardous chemicals only. Residential drop-offs are accepted at no charge. **Commercial, industrial or agricultural chemicals are not accepted at any of our sites.**

The following household hazardous wastes are acceptable for disposal at our sites but **must be kept separated** from the regular waste stream:

- Aerosol Spray Cans
- Paint and Solvents
- Cleaning Products
- Antifreeze and Containers
- Household Chemicals
- Automotive and Household Batteries
- Light Bulbs, Ballasts and Electronic Capacitors
- Diesel and Gasoline
- Propane Tanks

Other Regulated Wastes

The following materials are **banned** from disposal at our sites:

- Waste Containing Free Liquids
- Dead Animals
- Hot Loads
- Biomedical, Biological and Pathological Waste
- Asbestos

Recycling

The Commission has set up bins for collection of recyclable material at the following locations in Mountain View County.

- Sundre Transfer Station
- Water Valley Transfer Station
- Cremona Recycle Depot
- Carstairs Recycle Depot
- Eagle Hill Co-op
- MVRWMC Didsbury Transfer Station
- Olds: Olds Co-op and 49th Ave
- Midway Recycle Depot

The following materials can be recycled at no charge at all recycle depots by all residents within Mountain View County:

- **Tin Cans** (rinsed and labels removed)
- **Glass** clear clean jars
- **Newspaper & Flyers** (no glossy magazines)
- **Corrugated Cardboard** (waffled cardboard) **Box Board** i.e. cereal boxes, pop cases, beer boxes, shoeboxes
- **Mixed Paper** glossy magazines
- **Mixed Plastics** (toiletary containers, food containers, household containers).

Disposal of contaminated or non-recyclable material in the recycling bins is not permitted. Please help us keep recycling costs down by using these facilities responsibly.
